

It's time to start counting down the weeks until summer!

Please be sure to check you have booked you power cord (limited availability), your dates are correct and your pet has alternative accommodation while you are holidaying at the beach. We look forward to seeing you all shortly, Jan, Al & The Team at Oakura Beach Holiday Park..

As some of you may have seen in July we featured on the popular discount site, GrabOne. We offered the users 50% discount in our Self-Contained Units, this brought a lot of people to Taranaki that have never been to the region before - It was a very intriguing experience. Keep an eye out for more deals to come in the future.

Lulu the Landy

Our newest/oldest addition to the holiday park has arrived a few months back. Lulu is a 1972 Land Rover, this is Jan's toy believe it or not. You may see her chugging around the park over the summer with Cleo in the back or filled with linen for the Units on a busy day. Lulu has become very handy....when she decides to start that is!

Improvements

Improvements in the Kaitake & Beach Block Facilities include polished benches and new taps which has kept Al busy during the winter.

One of our other big projects of this years was to revamp our standard units. We have gone with a fresh new look of neutral to turquoise tones with new curtains and a splash of paint. A couple of our older units will also have new roofs and cladding.

Newlook Website

Have you seen our website lately? If you have you may have noticed a new look to it. As we are now an independent park we thought we would redesign the website to suit. The fresh new design has come from the team at Reserve Group. Our Mobi site has also been upgraded - Mobi is a smart phone friendly website, as most people have these now. Check them out and let us know what you think :)

Lewis & Doreen

Lewis, Doreen & Cat Mischief have decided to put down their gardening gloves and head up north to the beautiful bay of Kawakawa. Their specialties were the fruit trees and attention to the smaller gardens around camp - They are missed hugely by all of us here at Oakura Beach Holiday Park, no doubt they will be back down to visit shortly!

Reminder...

Now onto the yearly housekeeping! Every year we have stray cats visit the park. As cute and lonely as they may look we ask again that you do not feed them while you are staying with us. When everyone goes home the cats have no food.

Ants

Ants! Due to the sandy nature of our area, the ants love it here. Over the past months we have been conducting a baiting programme to help alleviate the problem before the summer. We have installed over 70 bait stations all over the park and are regularly feeding the ants both with protein based and sugar based products. To avoid the chance of ants invading your food please make sure all food items are stored in a sealed container or fridge. If you do see any ant trails please make one of our staff members aware and we will concentrate on that area...Many Thanks.
